We spent the remainder of Spring Break riding on the Kubota, playing, having picnics in various locations, playing in sand, being at The Tackle Box store, swimming briefly in the hot tub, shopping and spending time with family. It was a nice break and they are already ready to go back! This summer Hailey will not be enrolled in dance, music or gymnastics so she just may get another wish. Thanks for letting us come and play at the lake house. We enjoyed it!
