Pinwheel was a really large site that required a lot of walking to see the areas. Hunter was napping so I opted to stay behind. Jennifer and Kimber hung out with me until he woke up and then we went on our trek. I wish I would have brought the stroller along on this one because I had no idea it would have covered so many areas. Carrying a waking up child for a bit gets tiresome but I lived.

Bill had to take a picture of the geothermal area. The kids were so excited to see the geothermal area. The kids were so excited to see the geothermal area. The kids were so excited to see the geothermal area.

Bill had to take pictures of us from way up on the hill after it erupted and we departed back up the
