We had a very enjoyable time at the lake this Christmas. Brady's parents, grandmother, brother, sister and her boyfriend Zivi were all there. I had a great visit and I know my children loved spending bunches of time with their family. (The day before, we all went and did a little shopping. I took Hunter and Brady took Hailey. They went with the kids and were gone the whole day. Hailey loved it and I am glad she was able to tag along. She loves them all so much!).

Brady surprised me by making delicious fudge. I had been wanting some and he got a recipe from a lady he recently was helping. It was yummy but then again just about anything that uses sweetened condensed milk has to be!

I made him take a picture of it before he could cut it!

The house was all festive when we arrived. Smokey took the kids out back and showed them the new decorations on the hill. I think Hunter liked the tractor display the best. I wish I would have pictured it! This year Santa was sporting some sunglasses. Hunter liked watching Santa sing and dance. This is only his second Christmas even though he will be 3 shortly. He was soaking it all in and it was just as fun for me to watch my children enjoy.

Cookies for Santa were set out and Reindeer food was placed on a rail near the roof top.

The children were all snug in their beds...

And Santa came to the lake to the GOOD little BOY and GIRL...
